(Issued June 19, 2001)

On May 22, 2001, HJN Telecom, Inc. (HJN), filed an initial proposed tariff containing the terms, conditions, and rates for providing local exchange service in Iowa. The proposed tariff was identified as Docket No. TF-01-145. The proposed tariff was filed as directed by the Utilities Board (Board) by order issued November 22, 1999. In the November 22, 1999, order the Board approved HJN's application for a certificate of public convenience and necessity and its concurrence in the exchange maps of Qwest Corporation, f/k/a U S WEST Communications, Inc., as they were and as they may be changed in the future. The exchanges of Qwest became the service territory covered by the certificate application. The application was identified as Docket No. TCU-99-31.

By order issued concurrently with this certificate the Board has approved the proposed tariff that contains the terms, conditions, and rates for providing local

exchange service. Since HJN will have an approved tariff to provide local exchange service, the Board will issue Certificate No. 0234 authorizing HJN to provide local exchange service in the Qwest exchanges.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1) (2001), authorizes HJN Telecom, Inc., to furnish local telephone service in the exchanges as shown by its tariffs as currently and subsequently approved.
